

A.D. 1886.

## CHAP. 26.

An Act granting to T. B. H. Cochrane and James Brady a Lease of a portion of the bed of Findlay Creek and Lands contiguous thereto, for Mining purposes.

[6th April, 1886.]

**W**HEREAS the said T. B. H. Cochrane and James Brady have Preamble.  
represented by their petition that they have spent during the last two seasons a large amount of money in prospecting for gold in Kootenay District;

That Findlay Creek, in the said district, has been prospected and work commenced at various times and by different prospectors and miners for many years past, but all claims ever taken up have been abandoned on account of the low pay of the gravel, the difficulty of controlling the water, and the great expense attending the mining of the benches;

That in order to work the said creek and its benches, a large outlay will be necessary in constructing dams, ditches, bed-rock flumes, and in the purchase and placing of hydraulic machinery, and in bringing in water in sufficient quantities from a long distance;

That the gravel available for hydraulic mining is not continuous along the said creek, but exists in patches between the rocky cañons and at the bends of the stream;

And whereas the said T. B. H. Cochrane and James Brady are desirous of having granted to them for mining purposes a lease for twenty-five years of the bed of the said creek, extending from the First Forks or South Branch of said creek to a point three miles below and five miles above said Forks, together with certain lands lying contiguous thereto, as described in said petition and hereinafter described, for the purpose of carrying on hydraulic and other mining;

And whereas it is expedient to grant the prayer of the said petition, subject to the provisions of this Act:

Therefore, Her Majesty, by and with the advice and consent of the Legislative Assembly of the Province of British Columbia, enacts as follows:—
