PUBLIC UTILITIES COMMISSION

MEMORANDUMTO.....The Hon. the Premier,
.....
.....BUILDINGS.....

FROM

.....Public Utilities Commission.....

.....June 1st,.....1945.

The accompanying draft of an Order-in-Council provides for approval of an order of the Commission dated June 1st, 1945, approving the sale of the "Brilliant Power Project" from West Kootenay Power and Light Company Limited to the Consolidated Mining and Smelting Company Limited.

The assets being transferred are the water licences and the lands flooded as a result of building the dam. The power plant was built by the Smelting Company as a war project under an agreement with the Dominion Government providing for an accelerated rate of depreciation for income tax purposes, and the Smelting Company now wishes to acquire the lands and water licences connected with the project.

We are informed by the Comptroller of Water Rights that the transfer of the water licence authorizing the development of power at Brilliant has already been discussed with you.

Chairman.
PUBLIC UTILITIES COMMISSION.
